Objective

Ambitious and hardworking recent graduate seeking an entry-level position to contribute to impactful projects and grow within a dynamic organization. Committed to leveraging my skills and dedication to develop innovative solutions and excel as part of a collaborative team.

Education

Sri Indu College of Engineering and Technology   Rangareddy, Telangana
B.Tech (Computer Science & Engineering): *7.34 GPA*   **2020-2024**

Narayana Junior College   Hyderabad, Telangana
Intermediate (MPC): *90.6%*   **2018-2020**

Narayana Concept School   Rangareddy, Telangana
SSC: *8.5 GPA*   **2018**

Skills

Languages:	Python, Java
Web Technologies:	HTML, CSS, JavaScript
Frameworks:	Django
Database:	MySQL, PostgreSQL
Version Control:	Git
Soft Skills:	Problem-solving, Analytical thinking, Communication

Projects

Library management system   Dec 2024 – Jan 2025

- Tools & Technologies used: Python, Django, REST Framework, HTML, CSS

- Designed and developed a web-based system with separate modules for students, books, and library operations. Integrated user authentication and RESTful APIs for managing records and transactions.

Artificial neural network approaches for lung cancer identification   Jan 2024 – Mar 2024

- Tools & Technologies used: Python (Machine Learning), VS Code

- Developed an automated detection system for lung cancer using image processing and neural network models. Responsible for designing, coding, and testing the model, achieving high accuracy in detecting abnormalities from CT scan images.

Boosting confidentiality in digital image sharing on social platforms with trust-based approach   Oct 2023 – Dec 2023

- Tools & Technologies used: J2EE (JSP, Servlet, Java Bean), My SQL, Tomcat 8.0

- Developed a privacy-preserving image-sharing application using a trust-based mechanism to restrict access to sensitive images. Integrated backend functionality with J2EE and implemented security protocols for user data protection.

Internships & Certifications

Career Essentials in Software Development – Microsoft & LinkedIn   Oct 2024

Salesforce Administrator Virtual Internship – SmartInternz   Oct 2023

- Completed core modules on Salesforce, including salesforce fundamentals, organizational setup, relationship & sales cloud, service cloud and data management, providing insights into customer relationship management.

Web Development Internship - PHN Technology Pvt Ltd, Pune   Aug 2023

- Hands-on experience in web development, enhancing skills in front-end design and backend maintenance.

Machine Learning with Python - Verzeo   Dec 2022

- Built a sentiment analysis model for customer reviews using natural language processing techniques in Python.
